

Photo Release Form

During the school year, we take pictures of the students working in the environment. The children enjoy viewing these photographs. We use the photographs as gifts to the parents, labels for a student's work, school newsletters, and web photo gallery. We do not display the student's name on the pictures.

The form verifies your permission to put your child's photo on school related information.

I, _____, give my permission to use my child/children,
Parent/Guardian Printed Name
